Watch our 3 minute video to catch our revival news vision.

It's about bringing hope and releasing destiny! Will you join us?

We believe that God is calling us to expand our Christian news service to reach millions of people in South Africa, Africa and beyond via various media channels. It is about sharing testimonies that bring Godly hope to hearts and inspire Christians to pursue their God-given destinies to bring heaven to earth where they are. We know that we cannot achieve this vision alone. We need the Lord's guidance, wisdom and provision every step of the way. And we trust Him to raise a revival family of partners to join us in promoting a Kingdom revival culture through news. Will you join us?
