## The World's Double Standards

### REFUGEE CRISIS

In 1948 there were about 850,000 Jewish refugees that were expelled from Muslim countries. The majority were taken in by Israel. In contrast, Muslim countries refused to absorb 711,000 Palestinian refugees, even though refugee swaps were done in other parts of the world.

### UNITED NATIONS

UNRWA serves Palestinians to preserve their refugee status,

with the right of return, including offspring and irrespective of economic condition. They have grown the Palestinian refugees from 711,000 to over 5,000,000.

UNHCR serves all other refugees to help them out of their refugee status, which is not automatically given to offspring and dependent on economic conditions. Helped 50,000,000 people out of refugee status.

### JEWISH STATE

A Jewish State is not acceptable to most Muslim Nations. However, Islamic States are accepted by Israel and the world.

### TERROR ORGANISATIONS

Israel is expected to negotiate with a radical Islamic terror organisation like Hamas. However, the world condemns and fights other similar radical Islamic terror organisations like: Al Qaeda, Boko Haram and Islamic State.

## TERROR TUNNELS

Hamas' tunnel network is in fact a vast underground city with dozens of access points located throughout Gaza. Hamas uses these tunnels as weapons caches, bunkers, command centres and a concealed transportation artery for terrorists and weapons, including rocket launchers.

Some of these tunnels lead directly from Gaza to Israeli communities near the border, enabling terrorists to infiltrate, kidnap and attack Israeli civilians. The residents of southern Israel live in constant fear knowing that, at any time, a terrorist could emerge from a tunnel near their house and abduct or murder their neighbours or children.

**Hamas launched over 4000 rockets indiscriminately with the purpose to kill innocent Israeli civilians (14% hit Gaza, 69% hit Israel and 17% were intercepted by the Iron Dome). Israel retaliated with targeted strikes, unfortunately there were still a number of Palestinian deaths, mainly caused by the Hamas strategy of using civilians as human shields (UN indicates 36% women & children, Israel estimates 40-50% combatants).**

## ANC Freedom Charter vs Hamas Islamic Charter

Hamas should not be confused with a National Liberation Movement like the ANC in the struggle against apartheid. Hamas in Gaza is not a national liberation movement. It has the wider goal of establishing Allah's universal empire through Jihad.

The Freedom Charter, adopted by the ANC in 1955, states that South Africa "belongs to all who live in it, black and white, and that no government can justly claim authority unless it is based on the will of all the people".

In contrast, the Hamas charter unequivocally states its aim of murdering Jews and annihilating Israel. "Israel will exist and will continue to exist until Islam will obliterate it, just as it obliterated others before it".

Article 7, Hamas Charter, goes on to say: "The Day of Judgment will not come about until Moslems fight the Jews (killing Jews), when the Jews will hide behind stones and trees.

The stones and trees will say: 'O Moslems, O Abdulla, there is a Jew behind me, come and kill him'."

In Article 13, of the Hamas charter it states that "the so-called peaceful solutions, and the international conferences to resolve the Palestinian problem, are all contrary to the beliefs of the Islamic Resistance Movement. For renouncing any part of Palestine means renouncing part of the religion..."

Hamas seeks the dictatorship of an extreme version of one religion, Islam, across the world, under rule by Sharia law, to be imposed by force through Jihad. The ANC Freedom Charter, on the other hand, welcomes all religious groups.

**One Jewish majority country is not acceptable to most Muslim nations. Yet there are 56 Islamic majority countries.**

## Irony of the Situation Regarding Israel

### "Apartheid"

Israel is not racist nor does it practice apartheid. Israel has over 1 million Arab citizens who partake in every sector of Israeli society. Arabic is an official language and there is no discrimination based on race, religion or gender. There are Arab parties represented in the Knesset (Parliament), Arab Generals in the IDF and Arab judges (It was an Arab Supreme Court judge, George Karra, who sent a former Israeli President to jail on sexual misconduct charges).

In comparison, the vast majority of Arab nations practice "apartheid" against women and non Moslem religions. Mahmoud Abbas (head of the Palestinian Authority) has made it clear that no Jewish people will be allowed to live in a future Palestinian State.

**BDS (Boycott, Disinvest & Sanctions) Campaign** "Apartheid" is used to justify this campaign. Nevertheless, even Judge Goldstone said "In

Israel there is no apartheid. Nothing there comes close to the definition of apartheid."

The BDS campaign is not supported by the Palestinian people as, the leader of the PA, Mahmoud Abbas stated in SA (13 Dec 2011): "No, we do not support the boycott of Israel". The PA arrested four prominent BDS activists in May 2014 as they were acting against the true interests of the Palestinians and promoting hatred and bigotry.

The hypocrisy of BDS is that its supporters continue to use cell phones and computers with Israeli components, drip irrigation, heart stents and numerous life-saving drugs that originate from Israeli companies.

### UN Human Rights Council

The UN allows countries like China, Cuba, Saudi Arabia and Russia on the Council, who themselves systematically violate every article of the

Universal Declaration of Human Rights and then accuse Israel of human rights abuses and war crimes.

Judge Goldstone: "The UNHRC has a history of bias against Israel that cannot be doubted". Israel is the hero of human rights in the Middle East;

- The only real democracy
- Total freedom of religion
- It has the most free Arab press
- Gender equality

Colonel Richard Kemp, former commander of British forces in Afghanistan and recognized expert on asymmetric warfare: "From my knowledge of the IDF I don't think there has ever been a time in the history of warfare when any army has made more efforts to reduce civilian casualties and deaths of innocent people than the IDF is doing today in Gaza..." Israel even warns civilians to flee before launching targeted attacks. For Israel alone, self-defence, has become a crime.

Hamas is clearly guilty of war crimes, through using their own

civilians as human shields and targeting the civilian population of Israel with their rockets.

Where are the protests for the Christians who are being murdered and for the thousands of Arabs dying in ongoing Sunni/Shite conflicts around the world? The amount of airtime and funds spent on the Israeli Palestinian conflict is totally out of proportion to any other conflict on the planet.

### Israel Cares for their "Enemies"

Although still technically at war with Syria, Israel cares for those injured in the present Syrian conflict, treating them at a military field hospital and transferring the most seriously wounded to hospitals in Safed, an hour away. The IDF opened a well-equipped field hospital near the Gaza Erez border crossing to treat Palestinians injured in the Gaza conflict. Unfortunately Hamas prevents them from using the facility.

## THE BOTTOM LINE IS :

**The people of Israel live, because the God of Israel lives!**
