

KNITTED TOGETHER Based on PSALM 139

For Annari

Chorus: You knit me together in my mothers womb
Creating my innermost being
My form was never hidden from you
In that secret place where you're dwelling
Fearfully and wonderfully made am I
In your image created to serve
The days of my life were ordained by You
And are written in the book, by your word.

1. Search me oh Lord, yet you know me too well
When I am seated and when I rise
Every thought and or word is known from afar
You hem me in on every side.
2. You lay your right hand upon me my God
You guide me in every way
Where can I run to escape your great Spirit
You are with me for now and always
3. Hold on to me fast, Oh God my dear Father
Close to your heart lest I stray
Your thoughts are pure gems, lighting my path
And leading me, in your ways.
4. Search me oh Lord, strip open my heart
And find what is weak and impure
Cause it to wither and fade into dust
Leaving me holy, redeemed and secure.
