PROPHECIES FULFILLED

The Holy Spirit Is Here!

There Are Five Things God Spoke Concerning South Africa:

Firstly, this is an inspired people's movement that is growing in momentum and spirit. This movement will be united by the Spirit; there will be no prejudice because people will see a higher pattern; God's pattern – a new template running the nation to fulfil its Divine destiny showing the way to the rest of Africa and the world. It will look like nobody's leading this movement, but it is being led from Heaven by the Lord Jesus Christ Himself. The Lord Himself will begin to speak; there will be many visitations of angels and manifestations of the Spirit, not only in churches throughout the land also in rural areas, small villages, squatter camps, and Soweto.

Excerpt from Prophecy by Jonathan Davids 2016

Get Ready SA! Get ready for what is about to happen says the Lord. The men I am going to choose are set apart for the rebuilding of the Nation. God says, men have plundered the house and stolen the goods essential for ruling and reigning. In South Africa, men are doing illegal things under legal pretences. God is saying that He is going to crush that. Even as many Sauls rise to ravage the Body of Christ and South Africa, God is sending the power of the Spirit on the nation. In 2017 God is going to break the corruption. Those who say it is legal to do evil will have no power to do it. God is not going to allow them to commit evil against any racial group. The Body of Christ has a major role to play. God is going to dismantle the works of the enemy.

There will be no political party that can rally against what is happening. It will suddenly arise beyond political decision. South Africans of every colour will join forces, a people movement that's going to keep the enemy out and push the evil out. Get ready South Africa!

The Body of Christ has a major role to play. More people who serve and know the Lord will enter parliament; healed, delivered and set free! I see people being healed, delivered and being set free! I see corrupt men fleeing the nation because the law is going to resist them. The Lord says there will not be another Zimbabwe again. South Africa will be a new nation and new things are about to happen. It is time to rise! South Africa will rise again!

Excerpt from Prophecy by Jonathan Davids 2016

There will be a prayer wall raised up in this nation, from the north to the south, to the east to the west. And God says this prayer wall will raise up a new company of watchmen and even some of you will be a part of that watchmen anointing and as you begin to stand on the walls of intercession you will suddenly see the light of My Glory coming down and say what is this? it will be an unstoppable revival of prayer,

Excerpt from Prophecy by Kim Clement 2008

Fulfilment:

- HHR and many other prayer movements that the Lord has raised in Azaniah is a fulfilment of this prophecy.
- 2020–2022: COVID-19 lockdowns sparked online national prayer campaigns.
- To date: There has been a number of National Day of Prayer in the nation and SA Prayer Movement for Change conferences confirmed the prophecy of “unstoppable prayer.”
- Including the recent gathering of intercessors in Cape Town under the Theme, Africa Back to God the bible way from Cape to Cairo.

I am coming with such authority, such anointing and I am raising up young evangelists, young fired grads, filled with the power of the Holy Spirit, and they will preach in the streets of Johannesburg and they are going to preach in the streets of Cape Town and they are going to preach in their villages.

For I am coming like a mighty, rushing wind to touch the millennial, Generation Z, the next generation, the greatest generation Africa has ever known has been born. It is a revival generation.

Excerpt from Prophecy by Cindy Jacobs 17 May 2018

Fulfilment:

- It's all over the social media, young Evangelists even High school Kids preaching and praying publicly in schools.
- The observation and rise of this prophetic wave is also confirmed through gatherings hosted by young leaders such as Rorisang Thandekiso and many others who carry the same fire. These assemblies are not ordinary meetings; they are prophetic incubators where youth are stirred, prayed over, and released into their callings. The rise is evident as young evangelists, worship leaders, and fired-up graduates step out of these

gatherings into the streets of Johannesburg, Cape Town, and rural villages, preaching with boldness and demonstrating the power of the Holy Spirit.

"I will restore the judges as at the first. Isaiah 1:26 says, 'I will restore your judges as at the first, and your counselors as at the beginning. Afterward you shall be called the city of righteousness, the faithful city.'

Excerpt from Prophecy by Jamie Rouhrbaugh

Fulfilment:

Several South African judges have recently been exposed for misconduct and criminal activity, severely impacting judicial integrity. Key cases include the sexual harassment tribunal for Eastern Cape Judge President Selby Mbenenge and the arrest of a Gauteng High Court judge for corruption.

- Judge Phahlane allegedly pocketed R2 million in bribes in a bitter legal battle involving members of the International Pentecost Holiness Church.
- Judges Involved in Misconduct/Criminal Proceedings (2021-2026)
- Judge Tintswalo Makhubele (2025-2026): Found guilty of gross misconduct by a tribunal for her role at PRASA while being a judge, which she is currently challenging through a review.
- Judge Mushtak Parker (2026): Found guilty of gross misconduct by a Judicial Conduct Tribunal for failing to disclose financial deficits, paving the way for potential impeachment.
- Judge Nkola Motata (2018-2022/2023): Though the initial incident was in 2007, his battle over impeachment for drunk driving and racist comments concluded with him facing massive repercussions in the early 2020s, according to the Helen Suzman Foundation.
- Judge Mpina Mathebula (2024-2026): Facing allegations of theft and money laundering stemming from his time as an attorney, as reported in studies on Polity.org.za.
- Judge Daniel Thulare (2026): Subject to a complaint regarding the unlawful occupation of a property while a judge.
- Judge Tshifhiwa Maumela and Judge Nomonde Mngqibisa-Thusi (2023-2024): Suspended following complaints of excessive delay in delivering judgments, as tracked by Judges Matter

I heard the Lord say over South Africa: "I am calling you to pull from your revival heritage. I am calling you to pray the prayers of the pioneers who pressed in and pursued revival long before you walked the earth....."

”It’s time for the intercessors to tap into the prophetic words and prayers spoken over South Africa from many days gone by. It’s time to tap into the 1 Timothy 1:8 charge to wage war with the prophetic words spoken over the nation. It’s time to get aggressive in the Spirit. Who will pray?

Excerpt from Prophecy by Jennifer LeClaire (7 August 2020)

Fulfillment:

- The message of the Pioneers has been revived, the Message of Africa Back to God, from Cape to Cairo.
- 2021–2025: Intercessory movements expanded, some visible on social media using various hashtags like #PrayForSA trending during riots and drought crises.

The people in this land are in anguish of spirit and cruel bondage of fear because of the plague. Their hope is broken because of the plague. Let My servant arise for I have chosen him and My people who are called by My name; it shall be unto them as it was in the days of Goshen where My power was displayed. I will deliver this nation for My name’s sake, and many shall know that I am The LORD who delivers you.....

As it has been in the days of Moses in the land of Egypt; My people who are in My “Goshen” shall not be harmed for through them shall I restore this nation from the

Excerpt from Prophecy by Apostle Mpho Mosoeu (25 March 2020)

Fullfilment:

Statistics of Coronavirus Cases in Azaniah:

- Covid19 Cases – 4,076,463
- Deaths – 102,595
- Recovered – 3, 912,506

‘There will be a divine reversal in Cape Town. There will be a divine reversal in Pretoria and there will be a divine reversal in Johannesburg. I say to you there is a movement now to realign this land.

Excerpt from Chuck Pearce & Emmanuel Kure (2016–2019)

Fulfillment:

- Pretoria (2024): GNU formation marked a major reversal.
- Johannesburg & Cape Town: Service delivery protests and reforms show beginnings of reversal.
- Corruption Exposure: Anti-Corruption Advisory Council (2024–25) and Gauteng’s digital anti-fraud systems confirm prophecy.

God is about, in this season that we are in, this next three and a half years, what He will do for you governmentally, what He will do for you with the resources in the land (Oh wow! Every time I say that I just get Jesus bumps), literally the gems that are in the land, the Lord says, “You haven’t seen anything yet!” - what is about to be uncovered and discovered, and it is positioning blessing for Kingdom prosperity for the harvest that will sweep across the nation of Africa.....

So not only is there going to be revival and awakening in the Ecclesia and in the 7 spheres, but the land of Africa, the land of South Africa, is being released in the blessing of the Lord. Hear me, the Lord is saying Africa, this blessing that will come from the gems and the resources that are coming forth over the nation of South Africa will be a blessing for the Ecclesia for Kingdom purpose for the harvest and transformation of nations.

Excerpt from Prophecy Rebecca Greenwood (2020)

Fulfilment:

- Recent reports indicate significant activity in South Africa's mining sector with new discoveries and renewed exploration aimed at boosting the economy. Key developments include a "white gold" (lithium) prospecting stampede in KwaZulu-Natal (KZN), and advancements in rare earth elements (REEs) mining at Steenkampskraal. These developments, including new gas discoveries in the Outeniqua Basin and elsewhere, are crucial to sustaining the country's industry.

Key Mineral Developments in South Africa (2025-2026):

- Lithium (White Gold): A new mine and further prospecting for lithium, known as "white gold," is underway on the KZN south coast, according to Daily Maverick.
- Rare Earth Elements (REEs): The Steenkampskraal mine is focused on producing monazite, containing high-grade rare earth elements.
- Gold Discovery: A new underground gold mine, Qala Shallows, was commissioned in the Witwatersrand basin. Officially opened in Dec 2025, it is the country's first new underground gold mine in 15 years.

- Shale Gas: The Department of Mineral Resources has welcomed significant gas discoveries and is encouraging further exploration.
- Critical Minerals: Increased exploration is targeted at copper, nickel, and lithium.
- A massive 1.27 million-ounce gold deposit in Kakamega County, Western Kenya valued at over \$5 billion was discovered in November 2025
- A massive 2,492 carat diamond, the second largest ever found, was discovered in August 2024 at the Karowe Mine in Botswana

I also heard that South Africa as a whole, it is time for exponential harvest. And that you have stewarded this season very well. The apostles and prophets have stewarded this season of COVID-19 lockdowns well to cultivate the wells of revival, and the Lord is saying even as you begin to meet in person there will be a gathering and converging, there will be Holy Spirit Pentecost Fire explosions, outbreaks that will occur when you're able to convene again. For the whole region of South Africa, there is going to be such an awakening that even those that have worked against, that have fought against, those that have persecuted the move of God that's been breaking out, that there will be a harvest of souls that will come even among those that have stood against the work of God.

Excerpt from Prophecy Rebecca Greenwood (2020)

Fulfilment:

- Revival meetings are actively occurring across South Africa in 2024–2026, featuring large-scale tours and specialized conferences in major cities like Pretoria, Cape Town, Johannesburg, and Durban.

And the Lord said, "I have hidden treasures of gold and minerals". I saw oil, I saw precious stones that shall be revealed to you in this new economic season.

Excerpt from the Prophecy by Apostle Naomi Sheneberger (25 April 2020)

Fulfilment:

- South Africa has seen notable discoveries of precious stones between 2020 and 2026, most prominently rare diamonds from the Cullinan Mine. In 2026, Petra Diamonds unearthed a 41.82-carat blue diamond of exceptional clarity, one of the most significant finds in recent history.
- **2026 – Cullinan Mine (Gauteng):** A 41.82-carat blue diamond of exceptional colour and clarity.

- **2021–2025 – Cullinan & Venetia Mines:**
- Several smaller but rare blue and pink diamonds recovered, continuing South Africa’s legacy of producing extraordinary gems.
- Venetia Mine (Limpopo) yielded high-value stones as part of De Beers’ largest diamond mine operations.
- **Ongoing (2020–2026):** Finsch Mine (Northern Cape): Continued production of commercial diamonds, with occasional rare finds.

I see South Africa not only birthing Revival but it will be a nation to usher in an Awakening of truth! The nations will see that South Africa has a voice and she shall no longer be silenced/ muted or side lined! It is time for the Church to stand and know her authority. To bind what I ask her to bind on earth and to loose what I ask her to loose on earth, so that heaven responds to her call!

Excerpt from Prophecy by Apostle Naomi Sheneberger (26 October 2021)

Fulfillment:

- The Church in South Africa rose together to defend her God-given authority, fulfilling the prophetic word that she shall no longer be muted or sidelined. This was first seen in Pretoria, also Cape town where believers marched against government proposals to regulate churches, declaring Christ alone as the head of the Church. The stand then spread to Durban, where in March 2026 more than 10,000 Christians gathered under the banner of the South African Church Defenders (SACD). Both marches became visible signs of prophecy in action, the Church binding and loosing in agreement, exercising spiritual authority, and showing the nations that South Africa has a voice of revival and awakening.

Therefore, I am bringing down My hammer of judgment upon your leadership and those who rule with you. I will expose all you have done in secret, even those involved who are no longer counted among the living. I am exposing men that the world exalted as heroes and uncovering every hidden plot and every evil agenda that they carefully implemented upon the people of South Africa. For is My arm too short to save them?

Excerpts from Prophecy by Rebeckah Erlank (2022)

Fulfillment:

Here are the key exposures and investigations against Ramaphosa as of March 2026, as well as allegations that he failed to act against, or protect certain officials:

- In June 2022, former spy chief Arthur Fraser accused Ramaphosa of money laundering, corruption, and covering up the theft of millions of US dollars (allegedly hidden in furniture) from his Phala Phala game farm in 2020.
- Critics claimed Ramaphosa received illegal foreign cash, failed to report the theft promptly, and arranged for the suspects to be kidnapped and bribed.
- While an acting Public Protector report in 2023 cleared him of violating his oath of office or direct conflict of interest, the scandal led to severe criticism, including a section 89 independent panel report that found sufficient evidence to warrant an impeachment inquiry, which was later voted down by the ANC. The Democratic Alliance (DA) has continued to pursue investigations with the FBI, SARS, and the Financial Intelligence Centre.
- (March 2026): Testimony by forensic examiner Sarah-Jane Trent before Parliament highlighted concerning links between private investigator Paul O'Sullivan and top officials connected to Ramaphosa, specifically advisor Bejani Chauke.
- (March 2026): Ramaphosa is under pressure following accusations against National Police Commissioner Fannie Masemola, who is involved in a R360m corruption case. Critics alleged a long-standing mission to remove honest officers and shield corrupt ones, pressuring Ramaphosa to act.
- Madlanga Commission: The Judicial Commission of Inquiry into criminality and political interference in the criminal justice system (Madlanga Commission) is currently investigating allegations of systemic corruption, which heavily implicates the police management appointed under his administration.
- Paul Mashatile, during his tenure as Gauteng human settlements MEC, the provincial government was accused of squandering R1.3 billion meant for the upgrading of Alexandra township.
- Zweli Mkhize, Digital Vibes scandal: R150m irregular contract linked to him; SIU investigation ongoing.
- Ronald Lamola, Law firm linked to fraudulent Road Accident Fund claim; resigned before allegations surfaced.
- Oscar Mabuyane, Public Protector found he benefited R450k from Winnie Madikizela-Mandela memorial funds.
- Gwede Mantashe, Bosasa scandal: free security installations at his homes; Zondo Commission recommended corruption probe.

But I will wipe out the corrupt one and the corrupt ones who are allowing the evil and the iniquity and the greed. It is as bad as yesterday and a stench that has come before Me, says the Lord.

Excerpt from Prophecy by Kim Clement April 18th 2015 – From The Den

Fulfilment:

- Between 2024 and 2026, South Africa has intensified its crackdown on corruption, with several high-profile arrests of government and law enforcement officials. The most notable case in March 2026 saw twelve SAPS officers and a company director arrested for irregular tender awards, signaling a stronger stance against greed and abuse of public funds.

Corruption Exposure

- 2018–2021: Zuma resignation, Zondo Commission.
- Zondo Commission Follow-ups: Recommendations led to ongoing probes into Bosasa-linked corruption and misuse of state contracts.
- 2024–25: Anti-Corruption Advisory Council, Office of Public Integrity.
- Several municipal and provincial officials were suspended or removed for irregular expenditure and tender fraud.
- Madlanga Commission of enquiry 23 July 2025. Major SAPS Arrest March 2026, 12 police officers and one company director arrested.
- Department of Home Affairs 2026
 - o SIU Findings: Immigration system turned into a “marketplace” where visas and permits were sold to the highest bidder.
 - o Four officials earning less than R25,000 monthly received R16.3 million in deposits.
 - o Amount Involved: Over R16 million paid to officials through unlawful visa and permit issuance.
- Gauteng Department of Health (2026)
 - o Three senior officials, including the Director-General of Health, arrested for fraud, theft and irregular tender awards.
 - o Special Investigating Unit (SIU) uncovering over R2 billion looted from Tembisa Hospital through fraudulent tenders.
- Between 2024 and 2026, the **Gauteng Provincial Legislature** has faced multiple suspensions of senior officials, particularly in the health and governance sectors. While some were placed on precautionary suspension for corruption and maladministration, controversy arose in 2025–2026 when many were redeployed to other posts instead of being permanently removed, sparking public outrage.

One of the things that the Lord has been speaking to me about is there's innovation that is coming out of South Africa, it has to do with farming and the production of crops. There's something that is coming that has to do with farming and production of crops, it's an innovation that's coming and technology that's coming that hasn't previously been known and it's going to spring forth in the nation of South Africa.

Excerpt from Prophecy by Charlie Shamp (28 April 2020)

Fulfillment:

- Between 2020 and 2026, South Africa's farming sector has seen major innovations in climate-smart practices, digital technology, and government-backed strategies. These include precision agriculture, hydroponics, drone monitoring, and the launch of a national Science, Technology, and Innovation (STI) Roadmap for Agriculture in 2025. By 2026, the focus has shifted to resilience, biosecurity, and supporting smallholder farmers with modernized systems.
- **Hydroponics & Aquaponics (2020–2021):** Soil-free farming methods expanded in urban and peri-urban areas, saving water and space.
- **Drone Technology (2022):** Used for crop monitoring, pest detection, irrigation mapping, and yield prediction.
- **Precision Agriculture (2023):** GPS-guided equipment, soil sensors, and data analytics to optimize fertilizer and pesticide use.
- **Climate-Smart Practices (2024):** Conservation agriculture, crop rotation, and drought-resistant seed varieties to adapt to climate change.
- **STI Roadmap for Agriculture (2025):** National strategy launched to integrate science, technology, and innovation into farming systems.
- **Biosecurity & Smallholder Support (2026):** Focus on protecting crops and livestock from disease, while modernizing systems for emerging farmers.
